Hamilton Parrish, The Flatts, Bermuda

PROJECT FACTS

scope	Master Planning and Design
size	3,000 SF
budget	\$1.2M
architects	Linberg & Simmons
completed	2003

Interactive Sea Level Change Exhibit

From an isolated underwater plateau, to an oceanic Eden, to an ecosystem and popular tourist destination now under stress, Bermuda is a captivating work in progress. With this storyline in mind, Lyons/Zaremba Inc. worked closely with the BAMZ staff to program, design and totally renovate the Bermuda Natural History Museum.

View of "Arrivals" Gallery

Artifacts, dioramas, interactive stations, computer animation and interpretive graphics enhance existing collections and provide visitors with a new appreciation for Bermuda, its precious natural resources, and the conservation efforts being undertaken by BAMZ and others to insure Bermuda's future.
